Field Day- June 24th, 25th

Ron Chaffin said that he would help head up Field Day this year, but would not do it alone. We need to find several to help out. We also need to decide what to do about the dinner. Harold will not be able to be to field day this year.

Steve Rosburg with Health Dept. Trailer

We need to have some names in mind to fill our nomination committee. They need to be committed to the committee by at least August. Nominations start in October and end in November and then the ballots go out at least 15 days before our Christmas party in December.

Other Business:

Lifetime membership for Mike Blenderman?
